DesignerSeries™
Wall Mounts

DesignerSeries™
Ultra Slim Wall Mounts

If you're looking for a mount that is ultra slim, sleek, easy to install and adjust to effortlessly find the perfect viewing angle, look no further - Peerless-AV® has created it. The DesignerSeries™ wall mounts are some of the thinnest wall mounts on the market and offer the most versatile features and mounting options that benefit both the installer and end-user.

Key Features and Benefits

Tool-Less Wall Plate Covers

Ultra-Low Profile Design

Post-Installation Leveling

Hide all hardware for a clean, finished look

Positions display close to the wall for a sleek mounting installation

±1/2" of post-installation leveling is included with Tilting and Articulating Mounts

This series of mounts has passed the approval process for Underwriters Laboratories (UL), promoting safe living and working environments by the application of safety science and hazard-based safety engineering. DesignerSeries™ mounts have been submitted to rigorous safety testing, including tests for strength and "pull out" to a minimum of four times the stated load capacity.

Peerless-AV® mounts are also RoHS compliant, which stands for the Restriction of Hazardous Substances. Through the restriction of six hazardous materials in electrical and electronic products, Peerless-AV provides a safe environment for the consumer.

Articulating Wall Mount Models come in color packaging

I-Shaped Adaptor Plate Design

Locking Tilt

Integrated Cable Management

Helps avoid blocking
connections
on back of display

Lock the display at
any angle with the
ratcheting handle

Protects, contains and
conceals cables for a clean,
professional installation

DesignerSeries™
Ultra Slim Flat Wall Mounts

The DesignerSeries™ Ultra Slim Flat Wall Mounts offer a sleek, slim design, virtually disappearing behind the ultra-thin display. These mounts provide simple and secure installation, exceptional functionality, and are able to mount a wide range of display sizes.
